

# Grow, Learn, and Play by the Bay

35th to 63rd Streets, Bayside

- 1 **Expanded Rockaway Community Park**  
Access to bay and bike path, and maintenance of green space
- 2 **Garden by the Bay**  
Bayside viewing area, access to bike path at Garden by the Bay
- 3 **Parklett on 43rd**  
Formal kayak launch at Garden By the Bay Parklett
- 4 **Former Landfill**  
Public availability of greenspace at former landfill, educational opportunities along boardwalk, access to trails, and community nature tours

- 5 **Thursby Basin Park**  
Boat launch with community partners, access to bike path
- 6 **Rockaway Community Park**  
Free Sports programming, seasonal food carts, wetland preservation, access to nature trails and bike path
- 7 **Dubos Point Wildlife Sanctuary**  
Nature trails, community environmental stewardship, fishing, and kayaking

## Grow

Local community partners like Garden by the Bay, will be accessible from the boardwalk. Here residents can learn to **plant, grow, and harvest healthy vegetables** and diverse produce.

In addition, **wellness programming** will help to provide space to decompress and make space for mental and physical health.

Garden by the Bay 2

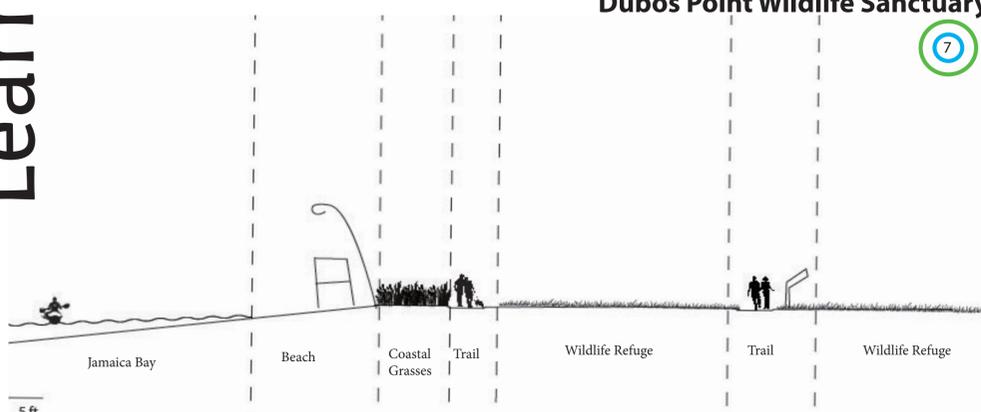

## Learn

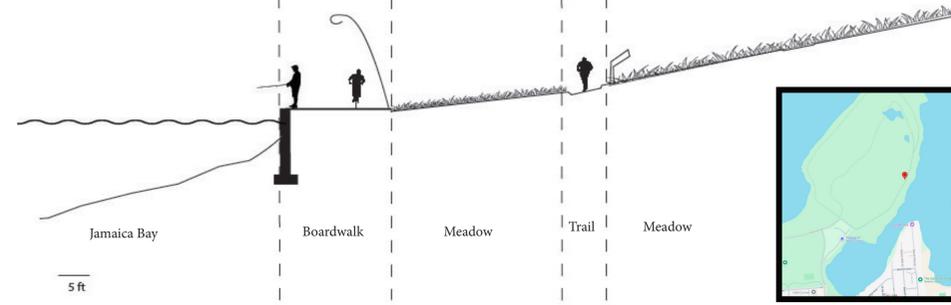

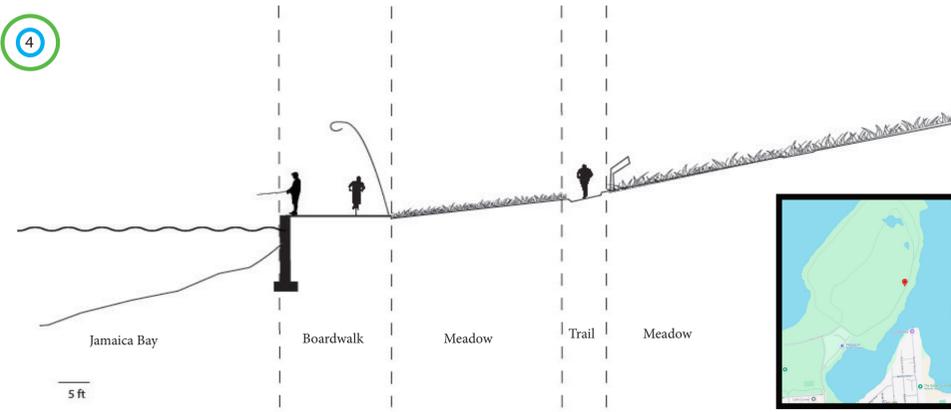

### Dubos Point Wildlife Sanctuary 7

Access to green-space will be available throughout the boardwalk. **Nature trails** that allow residents to get up close and interact with local land and water ecosystems will be emphasized.

Non-profit lead **nature tours, volunteer clean up events, stewardship and planting opportunities** will all be available to provide ample opportunity to learn about the lands, plants and animals found in and around Rockaway.

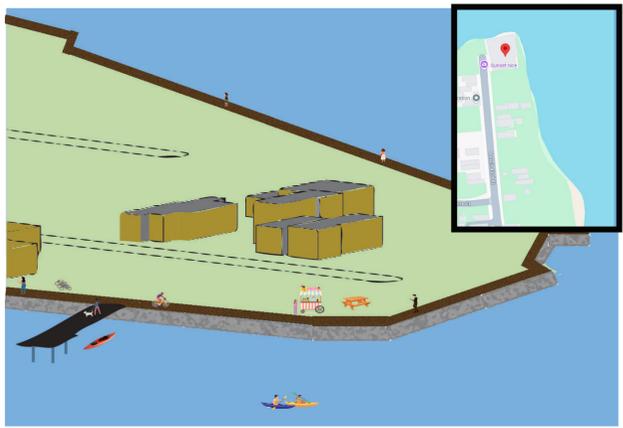

### Boardwalk at Past Landfill 4

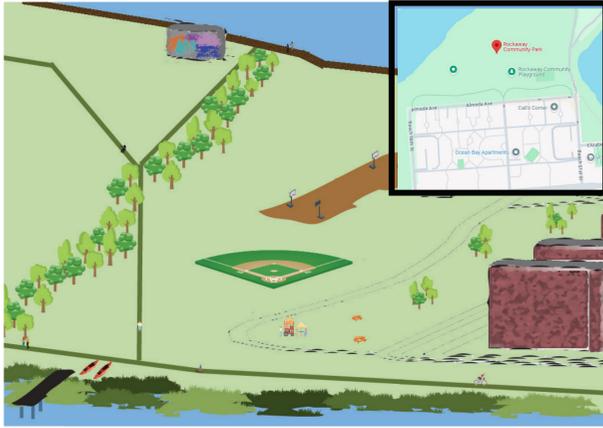

## Play

### Parklett on 43rd 3

### Rockaway Community Park 6

### Thursby Basin Park 5

**Community sports programs, renewed sports courts, kayaking events, and paddle boats** will be just a few of the free or low-cost opportunities to play by the bay. Providing access to existing green space through **improved lighting, mosquito control, and maintenance** can help to ensure residents of all ages can enjoy the spaces near where they live at all times.
